Notes

The community is the main topic of this project.

The purpose of Swobbels.com is to bring investors and developers together, work on projects, improve, and implement the community's many ideas.
Bitcoin was presented in a forum, so we didn't do without a forum. There are things that shouldn't be changed.
Swobbels.com offers a number of ways to monetize projects from blogs to groups.

Projects

SwobbelSwap

SwobbelSwap will be fully integrated into the forum.
This swap is a fixed pair. (ETH/Project Tokens). in the head of the forum post.
SwobbelSwap will also be available stand alone.
